My Tours vs. Other Tours

There are numerous bus companies that provide tours of Niagara Falls. The biggest factor contributing to your tour experience is your guide. I am the only guide in Niagara Falls, NY who has [written a travel guide](#) to the area. I also feel that my career as a broadcast journalist and stand up comic create an enjoyable blend of humor and heritage that is unmatched anywhere in Niagara. My 4 hour tour is more expensive than the big guys, but all my tours are small, usually about 2-6 people in size. I feel the extra cost is worth it...check out my [reviews](#) and I hope you'll agree.
